1.2 Introduction

The Small Business Development Center (SBDC) Program is the U.S. Small Business Administration's (SBA's) largest matching grant-funded program providing quality service to the small business community. The SBDC program has 63 Recipient Organizations - one in each state (four in Texas and six in California), the District of Columbia, Puerto Rico, the Virgin Islands, Guam and American Samoa. The Recipient is responsible to establish a Lead Office and network of Service Centers to cover its designated area of service. The SBDC program links the resources of federal, state and local governments with the resources of the educational community and the private sector to provide assistance to the small business community. In partnership with SBA's Office of Small Business Development Centers (OSBDC) and District Offices, SBDCs develop business counseling and training programs, informational tools and other services that enhance the economic development goals and objectives of SBA, their respective service areas and their local funding partners.

1.3 Background

Since its inception in 1953, SBA has served to aid, counsel, assist and protect the interests of small businesses. While SBA is best known for its financial support of small businesses through its many lending programs, the Agency also plays a critical role in providing funding to organizations that deliver technical assistance in the form of counseling and training to small business concerns and nascent entrepreneurs in order to promote growth, expansion, innovation, increased productivity and management improvement. The mission of SBA's OSBDC, which bears responsibility for administering the SBDC Program, is to provide assistance to the small business community by linking the resources of federal, state and local governments with the resources of the educational community and the private sector.

1.4 Purpose

Eligible organizations (as defined in Section 3.2) may apply to SBA for an award of financial assistance under this Program Announcement to fund an existing statewide or regional Small Business Development Center program. SBDC programs deliver professional, high quality, individualized business advising and technical assistance to existing small businesses and pre-venture entrepreneurs. SBDCs shall provide problem solving assistance to help small businesses access capital, develop and exchange new technologies, and improve business planning, strategy, operations, financial management, personnel administration, marketing, export assistance, sales and other areas required for small business growth and expansion, management improvement, increased productivity and innovation.

1.5 Leveraging of Resources

Applicants selected for awards under this Announcement are required to maximize their efforts to leverage SBA funding by working in conjunction with SBA District Offices and other federal, state, local and tribal government small business development programs and activities; SBA resource partners such as SCORE, Women's Business Centers (WBCs), Veterans Business Outreach Centers (VBOCs), Regional Innovative Clusters, 7(j) Technical Assistance providers, Small Business Investment Companies (SBICs), U.S. Export Assistance Centers (USEACs), Certified Development Companies (CDCs), and SBA lenders; universities, colleges, and other institutions of higher education; and private organizations such as chambers of commerce and trade and industry groups and associations.

1.6 SBA Involvement and Oversight

The SBDC program is managed by the Associate Administrator for the Office of Small Business Development Centers (AA/OSBDC) at SBA headquarters. OSBDC shall assign a Grants Management Officer (GMO) to review the budget and all fiscal documentation for compliance with applicable federal and program requirements, and issue the Notice of Award. A Program Manager within OSBDC serves as the Grants Officer's Representative (GOR) responsible for overall monitoring and oversight of the Recipient's SBDC program award, including compliance with the terms of the Cooperative Agreement. The SBA District Office negotiates the annual proposal with the SBDC Lead Office, incorporating Agency Priorities and performance goals, and designates a Project Officer (PO) to conduct delegated grant monitoring activities on behalf of OSBDC. SBA will also conduct biennial financial and programmatic examinations of each SBDC recipient, as required by statute.

1.7 Changes or Cancellation

SBA reserves the right to amend or cancel this Announcement, in whole or in part, at the Agency's discretion. Should SBA make material changes to this Announcement, the Agency will extend the closing date as necessary to afford Applicants sufficient opportunity to address such changes

2.0 Section II – Award Information

2.1 Estimated Funding

SBA expects to issue up to \$115,000,000 in awards under these Announcements. Section 21 (a) (4) (C) of the Small Business Act sets forth a formula by which funds are to be distributed.

In the event that SBA is operating under a Continuing Resolution (CR) at the time of award, funding will be available during the period of the CR to the extent that funds are provided to the SBA for this purpose by the Office of Management and Budget (OMB). The amount available under the period of the CR may be less than the pro rata total anticipated amount of award.

Subject to the availability of funds and compliance with the terms and conditions of the Cooperative Agreement, SBA has the discretion to increase the award to an amount consistent with the authorized funding level under the federal appropriations law. SBA may increase award funds for the total federal funding to the recipient not to exceed \$80,000,000 but these amounts are not guaranteed.

2.2 Expected Number of Awards

SBA anticipates making no more than 63 awards under this Announcement.

2.3 Period of Performance/Budget Periods

The period of performance for this award is one year, with a corresponding one-year budget period.

2.3.1 Project Start Dates

The project start dates are:

- October 1, 2016 for states/regions responding to Program Announcement No. OSBDC-2017-01 for FY 2017; and
- January 1, 2017 for states/regions responding to Program Announcement No. OSBDC-2017-02 for CY 2017.

2.3.2 Continuation of Funds

SBA intends to award continuation funding to the Recipient under subsequent annual SBDC Cooperative Agreements for future fiscal/calendar years, subject to continued program authorization, availability of funds, satisfactory performance, and the continued interest of the recipient organization. However, an SBDC may not receive continued funding if there has been a clear showing of poor performance, as measured by SBA. Poor performance is indicated by unsatisfactory oversight reviews (Program, Financial), Accreditation issues, improper or insufficient activity affecting the operation and integrity of the SBDC, and/or a failure to follow the rules and procedures set forth in the statute, regulation and/or Program Announcement (see [13 C.F.R. Part 130.700](#)).

Intent to Renew

SBDCs wishing to exercise a renewal option must e-mail or fax the Letter of Intent to Renew to the Program Manager in OSBDC by the date listed on the SBDC Applicant's Timeline in Section 4.3 of this Program Announcement.

2.4 Funding Information

- Funds provided under the SBDC program must be used solely for the purposes stipulated in this Announcement and the Notice of Award and may not be commingled with any other monies. All costs proposed in an Applicant's budget must meet the tests of allowability, allocability, and reasonableness set forth in the Office of Management and Budget (OMB) Uniform Guidance at 2 C.F.R. Part 200, Subpart E.
- Reimbursement of indirect costs from federal funds will be capped at a maximum of 20% percent, regardless of the amount stipulated in an Applicant's indirect cost rate (ICR) agreement.
- Reimbursement is the preferred payment method for the SBDC program. The submission of a Standard Form 270 (SF 270) is required at least quarterly, but not more frequently than monthly.

2.5 Funding Instrument

The funding instrument is a Cooperative Agreement.

2.6 Matching Requirement

- The organization receiving the Cooperative Agreement is required to match federal funds on a 1:1 ratio. Nonfederal matching funds may take the form of cash or cash equivalent, in-kind donations **provided by a third party**, or unreimbursed indirect costs (i.e., waived indirect).
- Cash match in an amount not less than 50 percent of the federal funding is required. The remainder may be in the form **of additional cash or in-kind contributions for direct costs, and/or waived indirect costs** ([13 C.F.R. Part 130.450](#)).
- No portion of the match may be from federal sources, with the exception of applicable Community Development Block Grant (CDBG) funds. See Section 4.1.7.3 on use of CDBG funds for SBDC activities.
- Program income (e.g., fees collected from clients and/or attendees for training) may not be used as a source of matching funds.
- For insular areas, American Samoa, Guam and the U.S. Virgin Islands, [48 USC § 1469a](#) requires the SBA to waive the match requirements on awards less than \$200,000 and further provides the discretion to waive match for these awards exceeding \$200,000.

In accordance with [15 USC § 648\(a\)\(5\)](#), before bidding on another federal contract, the SBDC must receive approval from the AA/OSBDC as to the subject and general scope of the project. SBDC Lead Offices may not manage other funds, regardless of funding source, when the scope of activity is inconsistent with this Program Announcement.

The SBDC must maintain an updated list of funding sources and amounts for each source of funds received by the SBDC network including grants, contracts and

contributions. In addition, for each source of funds, documentation regarding the name and phone number of the donor/contractor/grantor, the amount of funding, the intended purpose and any requirements, stipulations or deliverables must be maintained and made available during the biennial financial examination process. You may use the last column to indicate other key metrics for each Service Center, if applicable. The worksheet is available from OSBDC at: [SBDC Forms and Worksheets](#).

4.1.1.3 SBDC Network Listing:

Provide a list of all service locations by name, host institution, key contact, physical address, phone number, and PIMS location code. Identify the Lead Office, and indicate whether each other location is a Service Center, specialty center or satellite location. (Please refer to Section 8.1 “Definitions”). Each Service Center must have a separate PIMS location. However, do not request PIMS location codes for satellite locations or other part-time service delivery sites. The location ID code for each center is issued through the PIMS system and directly affects the SBDC’s ability to report program activity to the SBA’s data collection system (EDMIS); therefore, it is vital to keep the information in this system current. Guidance on maintaining PIMS is in 6.3 “Reporting”, PIMS Maintenance.

4.1.1.4 Certified Export Counselors Listing:

SBDC Program recipients are required to maintain a minimum number of counseling and training staff with expertise in export assistance. Provide a list of all SBDC counseling and training staff (including contract/consultants) who have achieved SBA Intermediate level export counselor certification and/or NASBITE’s advanced level Certified Global Business Professional designation. List each certified SBDC staff person by name, level of certification and date certification was achieved (month/year). SBDCs are required to update this listing in subsequent performance reports. - ii. _____ Minimum number of SBDC staff that must be certified (where minimum is 10% of FTEs listed above or 5 staff, whichever is LESS)
- iii. _____ Total number of SBDC staff who have the required export certification.**

**SBDC programs that do not meet the minimum required number of export certified staff at the time of application must provide a plan for achieving compliance before the new project period begins (October 1 or January 1).

4.1.2 Cost Proposal

Information on proposed project costs must be provided through the completion or submission of the following:

- i. Application for Federal Assistance (SF-424). Included in Grants.gov package.

 - In Section B of SF-424A, line 6 g titled “Construction” shall be used for Consultant costs as described in the SBDC Budget Justification Instructions Section 4.1.2.3 below.
- iii. SBDC Budget Justification and Personnel List. Template available from OSBDC’s webpage at: [SBDC Forms and Worksheets](#).
 - Include a separate budget justification form with required cost detail for the Lead Office and each subcontracted Service Center.
 - Personnel lists must include each person’s name, position, salary and percent time budgeted to the SBDC program as stated below. When listing a person’s position, please clearly indicate if such people serve as technology, international trade or other specialty advisors/trainer for the SBDC (e.g. Trade Center Director, Trade Advisor, Technology Consultant, General Business Consultant, etc.)
 - Applicant may use its own budget justification form, as long as the applicant’s format includes ALL budget detail required in OSBDC’s template and the guidance herein. If Applicant chooses to use its own budget justification format (i.e. not the OSBDC form) it must ALSO include a separate 424A for the Lead Office and each subcontracted Service Center
- iv. Budget Narrative.

- If all required cost detail is not shown on the SBDC Budget Justification and Personnel list, include a separate Budget Narrative for the Lead Office and **each subcontracted Service Center**.

- vi. Schedule of Indirect Cost Worksheet.
- OSBDC recommends the use of the updated template available at on OSBDC's webpage at: [SBDC Forms and Worksheets](#) which includes space to indicate whether each center is on campus or off campus, and to list the name of the center's host institution including those not identified as institutions of higher education.

4.1.2.1 Budget Preparation

OSBDC will provide SBDCs with projected funding levels to be used in budget preparation.

- Budget information must describe the financial resources contributed by the Applicant. The amount and source of funds provided as match must be clearly indicated, in Box 18 of SF424, and the budget summary SF424A, Lead Office and **each subcontracted Service Center** budget justification forms must clearly indicate which program costs will be paid by federal dollars, cash, in-kind and waived indirect. Applicants must show how the value of each in-kind match contribution is determined. This applies to costs incurred by Service Centers as well as recipient costs.
- In addition, matching funds included in the budget information must also be listed by amount and contributor (i.e., state, university, private sector) in Section 5 of the Planned Milestones worksheet required as part of the Technical Proposal (See section 4.1.1.2).
- Applicants must NOT include SBDC program income, nor unspent program funds from prior budget periods (carryover requests) on the Application SF424, Budget Information SF424A or SBDC budget justification forms submitted in response to this Program Announcement. Planned program income expenditures should be described instead as part of the Technical Proposal. See Section 4.1.1.1 for guidance. Specifically:
 - leave BLANK and do not include program income on the line f in Box 18, "Total Estimated Funding" of the SF424;

- leave BLANK line 7 for “Program Income” on the SF-424A; and
- do NOT include program income costs in the detailed budget justification.

4.1.2.2 Subrecipient Costs (Subcontracted Service Centers)

An applicant may contract with other entities to deliver SBDC services and must include a provision in the subrecipient agreement to comply with the Uniform Guidance and all appropriate flow-down provisions, including those outlined in section 6.4.2.

If an Applicant proposes to use subrecipients for delivery of SBDC client services (also referred to herein as subcontracted Service Centers), it shall include the subrecipient costs in the Contractual budget element on the SBDC Network’s SF424A Budget Summary form, and provide separate detailed budget justifications, with a line item breakout for federal dollars, cash match, in-kind and indirect costs associated with the SBDC services to be provided by the proposed subrecipient organization. If the subcontracted Service Center proposes its own contractual costs (sub-subcontracts), it must provide supporting budget details such as a statement of work, the number of hours and rate of pay must be provided for each contractor.

For those SBDCs operating separate International Trade Centers, Technology Centers or other specialty centers as part of the Cooperative Agreement, the proposal must include a separate budget and milestone worksheet.

An Applicant may substitute its own forms or spreadsheets in place of the SBDC Budget Justification Worksheet so long as it includes all of the information requested in section 4.1.2.3, below.

4.1.2.3 SBDC Budget Justification Instructions

The budget cost categories and required cost detail for each category are described below. The direct cost and indirect cost total must agree with the SF-424 and SF-424A.

a. Personnel:	List name and title of all personnel charged to federal and non-federal funds (direct costs). For vacancies, show position title in budget justification. If additional space is needed to explain the cost, include a budget narrative. Use the Personnel List to show annual salary, number of months, level of effort in percentage and total amount budgeted for each position, as the basis used to estimate personnel costs charged to the SBDC program.
b. Fringe Benefits:	Indicate the fringe rates approved by your cognizant federal agency for audits when available. If not available provide the schedule used. Do not include fringe cost in the total amount required for personnel.
c. Travel:	For local travel, provide total anticipated mileage and mileage rate. For out of state/region travel (including foreign travel), provide estimated cost and justification including: i) purpose, ii) destination, iii) mode of transportation and rate (i.e. airfare or mileage and rate), iv) number of trips, and v) number and

	position of travelers.
d. Equipment:	List items costing at least \$5,000 and having at least one year of useful life. The Recipient Organization must maintain an inventory of equipment purchased with program dollars including cost, location and detailed description of each item. Equipment inventory must be made available upon request of SBA.
e. Supplies:	Show anticipated cost of supply items such as general office, operational, computer supplies, and other supply items costing less than \$5,000. The Recipient Organization must maintain an inventory of controlled supplies of higher dollar value and high potential for loss such as computers, etc. and it must be made available upon request of the SBA.
f. Contractual:	<p>List costs for Contractual services that support program operations, such as website support, equipment maintenance, or meeting facilitation. Provide budget details including: name of contractor, statement of work, number of hours and rate of pay.</p> <p>If Applicant proposes to contract with another entity to provide SBDC client services (i.e. a subrecipient), costs for the subrecipient contract may be included on the Contractual line for the Network 424A Budget Summary, but the Applicant must also include a separate budget justification with cost detail by line item for each subrecipient.</p> <p>Please be reminded that if the Applicant uses a budget format other than OSBDC template, the Applicant must also include a separate SF424A Budget Summary form for each subrecipient along with its detailed budget justification form..</p>
g. Consultants:	<p>Provide detail for Consultant costs shown on line 6g of 424A. (Note that form SF424A lists category g. as "Construction", but Applicants are asked to use this line for SBDC Consultant costs only.)</p> <p>Consultant costs include costs for non-employee SBDC advisors, trainers and other staff who provide client services on an hourly or fee for service basis. Provide consultant(s) name, if known, specify purpose, and indicate the number of hours and rate of pay.</p>
h. Other:	<p>List all expenses included in this cost category separately, with planned cost per item.</p> <p>Other Expense items may include, but are not limited to, computer software, copying, postage, printing, publications, subscriptions, dues, telephone, conference fees and office space rental.</p> <p>If rental costs are proposed, provide square footage required for SBDC activities and</p>

	<p>rate.</p> <p>If nominal costs for meals and hospitality expenses associated with client workshops or related events are proposed, include a justification that demonstrates such costs are reasonable and necessary to support the SBDC program mission and goals. Details may be included on the budget justification form, budget narrative or in a clearly marked section of the technical narrative.</p> <p>Do not list other items with zero amounts.</p>
<p>j. Indirect cost:</p>	<p>Show indirect cost amount on <u>line j</u> of the <u>Budget Justification ONLY</u>. (Do <u>not</u> include indirect costs as cash match or as in-kind contributions; or as a contractual cost category.)</p> <p>A rate no higher than that approved by your cognizant agency should be used to estimate indirect costs, except that organizations that have never had an Indirect Cost Rate Agreement (ICR) with the federal government may use the 10% de Minimis rate provided in 2 C.F.R. Part 200.414. You may obtain the Schedule of Indirect Costs Worksheet from OSBDC at: SBDC Forms and Worksheets</p> <p>Reimbursement of indirect costs charged to federal funds will be capped at a maximum of 20%. The amount remaining of the total indirect cost is the waived portion (i.e. indirect match, if any).</p>

4.1.3 Certification Forms and Assurances

Consistent with 2 C.F.R. Part 200.415 financial Certifications must be signed by an authorized individual at a level no lower than vice president or chief financial officer of the organization. Each Applicant must complete and submit the following forms.

4.1.5 Treatment of Proposal Information

If the SBDC’s proposal contains confidential data, such information will be treated in accordance with Part 102 of SBA’s regulations ([13 C.F.R. Part 102](#)).

4.1.5.1 Treatment of Client Information (Privacy Requirements)

Unless otherwise specified, all financial, statistical, personnel and/or technical information and data furnished, produced or otherwise made available to the SBDC by its small business customers during the performance of this Agreement shall not be used for purposes other than performance of work under this Agreement. The above information received by the

SBDC may be privileged and must not be released or disclosed by the SBDC without the prior written consent of the client unless otherwise required by law. If such information is requested in a legal proceeding, the SBDC must take the necessary precautions and legal recourse to protect privileged information.

15 U.S.C. § 648(a)(7) provides that client information can only be made available to SBA for legal enforcement action and financial audits. However, SBA is also allowed access to client data for obtaining program activity information or conducting client surveys.

No files or records will be removed from the premises of any government agency with which the Recipient may work without the approval of the agency in possession of such documents. Publication of any information will be in accordance with [2 C.F.R. 200.333-337](#).

Except where a Client consents in writing or as directed by SBA per the statute cited above, SBDCs are not permitted to disclose any Client Information to a third party (or share such information with other units of your organization not directly involved in the conduct of this project)

4.1.6 Funding Restrictions

4.1.6.1 Administrative Requirements and Cost Principles

SBDCs are governed by the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, codified at 2 C.F.R. Part 200 et seq.

4.1.6.2 Budget Preparation & Funding

Specific items of cost may be included in the proposal and considered allowable under the additional conditions and requirements set forth below.

1. Travel

All travel performed as part of this Agreement must be in accordance with SBDC program objectives and in compliance with the recipient's travel policy and governed by OMB Uniform Guidance at 2 C.F.R. § 200.474. The proposed budget must include a description of the out-of-state (region) travel proposed, indicating estimated costs, number of persons traveling and purpose of travel. (Travel to be completed using vacation time regularly earned is not subject to approval by the AA/OSBDC.)

Refer to Section 8.3.2 for guidelines on requesting approval for unanticipated out of state and out-of-country travel that is necessary to further SBDC objectives, but that was not known or planned at the time the proposal was submitted to SBA.

2. Payment of Dues

The proposed budget must show amounts estimated for payment of memberships, subscriptions and dues for business, technical and professional associations, including the ASBDC. Costs proposed for membership in any civic or community organization, however, must be justified in terms of the benefit to the SBDC derived from this expenditure. All other requirements of 2 C.F.R. § 200.454 apply. In addition, all memberships purchased with project funds must be in the name of the SBDC program rather than in the name of an individual.

3. Lobbying

There is a broad federal restriction on all grantees of the Federal Government, which prohibits the use of federal appropriated funds to lobby Congress or agencies concerning certain specified federal actions ([31 USC § 1352](#) (also known as the Byrd Amendment)). In addition, OMB's Uniform Guidance at 2 C.F.R. § 200.450 provides that lobbying activities are generally unallowable costs, and defines unallowable activities as well as the limited activities that are allowed.

4. Indirect Costs and Overhead

To propose and subsequently claim indirect costs, Applicants must furnish their current indirect cost rate (ICR) agreement

- as negotiated with their cognizant federal agency,
- certified by their state governmental unit and approved by their cognizant federal agency, or
- a rate approved by SBA.

ICR agreements for participating Service Centers must also be submitted.

Entities currently without an ICR agreement negotiated with another federal agency may request that the SBA Project Officer provide an SBA indirect cost rate agreement (at 24% of Modified Total Direct Costs) to be used exclusively for the SBDC program. For entities using an SBA provided ICR Agreement, the following terms apply:

- These terms are to assist in identifying and clarifying those costs considered to be “general administrative and general expenses” noted in 2 C.F.R. § 200. They form the basis for this SBA ICR Agreement and subsequently may not also be included as direct costs against the award when the SBDC ICR Agreement is used.
- Cost pools underlying the ICR Agreement include personnel compensation and benefits for positions or for activities which are not: 1) in direct support of the SBDC program goals and objectives, **and** 2) under the

direction or supervision of the key person identified in the Cooperative Agreement as responsible for program performance at the respective host entity.

- Examples include, but are not limited to, those expenditures allocable to human resources and accounting departments, sponsored project staff, corporate marketing staff, controllers, deans, chief executives and presidents of colleges and universities.
- Non-personnel costs such as audits, supplies, materials, insurance, and other services and operating costs allocable to administrative departments and to the activities of the host entity are considered part of the “general and administrative cost pool” and thus may not also be directly charged.

Only SBDC program funds allocated for direct costs may be used to determine the allowable reimbursed or waived indirect cost. Any agreements subsequently negotiated with a federal agency will supersede the SBA ICR Agreement.

If the applicant or participating subcontracted Service Center has never had an approved ICR and its budget includes indirect costs, it may utilize a de Minimis rate of 10% of Modified Total Direct Costs (to include Federal and non-Federal) until the non-Federal entity can provide a copy of a current indirect cost rate agreement either through the SBA or from another cognizant federal agency. This new rule does not apply to organizations that have an expired ICR agreement.

The negotiated indirect cost rate in effect at the time of the initial proposal will be used for the budget period covered by the proposal. If a provisional indirect cost rate is in effect at the time the proposal is submitted and it has been more than one year since the date the provisional rate became effective, the SBDC must furnish OSBDC with documentation showing that they have made an effort to negotiate a final rate.

When making new sub-awards, administrative costs incurred for establishing technical needs, determining qualified candidates, issuing requests for bids, evaluating replies and selecting an awardee may be claimed as indirect costs according to 2 C.F.R. Part 200, Appendices III and V. The Circular allows these incremental Facilities and Administrative costs on the first \$25,000 to be claimed one time in the indirect cost base for each subcontract or sub-award. It is not appropriate to claim these costs when obtaining annual funding to continue the sub-award. These costs only may be claimed when an open, competitive bidding process was involved in issuing the sub-award that included the aforementioned administrative costs.

Indirect costs cannot be claimed for the Lead Office or for subcontracted **Service Centers** that do not submit approved ICR agreements for the proposed funding period. Indirect costs cannot exceed the amount allowable under the approved ICR Agreement

submitted with the proposal. Facilities & Administration (F&A) costs may not otherwise be charged, directly or indirectly, to the Cooperative Agreement or claimed as non-cash match contributions except as described here. Applicants must indicate the name of the host institution and whether the on or off campus indirect cost rate should be applied for each center where indirect costs are claimed. Please use the updated OSBDC Schedule of Indirect Costs worksheet to provide this information. The worksheet is available on OSBDC's webpage: [SBDC Forms and Worksheets](#)

5. Justification of Costs

All costs proposed require justification and narrative explanation for the Lead Office and each subcontracted Service Center. All proposed costs must be included in the specific line items and fully justified. All forms contained in the financial application package must be completed accurately and in full.

6. Supplies, Printing and Costs Related To SBDC Logo

Generally, promotional items are not an allowable expense using SBDC program funds (including program income). Promotional items are objects such as gifts, memorabilia, awards, mugs, and any other item which does not have a specific direct benefit to the SBDC. See 2 C.F.R. § 200.421 e (3). However, costs proposed for printing the SBDC logo on SBDC training supplies such as pens, notepads or flash drives (which contain course material), etc. are allowable. Certain promotional items (e.g. clothing imprinted with the SBDC logo) may be charged to program funds on a case-by-case basis and shall be listed in detail in the proposal. OSBDC will review such proposed costs on a case by case basis to determine reasonableness and allowability. The OSBDC Grants Management Specialist may request further information if required to make this determination. This section does not include advertising materials specifically allowed in OMB Cost Principles at 2 C.F.R. § 200.421.

7. Miscellaneous or Contingency Costs

No miscellaneous or contingency costs may be included in the budget. Contributions to a contingency reserve or any similar provision made for unforeseen events are unallowable.

8. Subcontracting

All subcontracting awarded as a result of this Agreement will be in accordance with [2 C.F.R. §§ 200.317-.332](#)

9. Proposal Costs

This request does not commit the Federal Government to pay any costs incurred in the submission of a proposal.

10. State/Regional Advisory Board Compensation

With the exception of travel costs, compensation for the State/Regional SBDC Advisory Board members is not allowed. This includes compensation reimbursed from federal funds or donated by the Advisory board member and used as non-cash match (in-kind).

11. Improvements to SBDC Facilities

If minor construction/physical improvement to SBDC facilities is proposed, Applicant must provide justification for use of program funds, estimated costs, and facilities or lease agreement or other documentation from property owner.

4.1.7 Financial Guidelines

4.1.7.1 Carryover Requests

Funds should be expended in the year awarded; however, carryover requests will be considered on a case-by-case basis. Carryover of unexpended funds is permissible only if the funds are to be used for a project or activity within the scope of the SBDC program and the request is in the best interest of the Program.

The SBDC Lead Office Director must request approval to carry over anticipated unexpended federal funds to the next budget period at least 10 days prior to the close of the current budget period (No later than September 20th for FY programs and December 21st for CY programs)

A formal Carryover request, submitted with the final SF-425, must include:

- (1) SF-424, SF424A, and detailed budget justification forms; **Do not show overmatch expended during the prior year on these forms.**
- (2) narrative indicating why the funds were not expended during the period in which they were awarded and how the funds will be used in the current period to benefit the program;
- (3) SBA District Office approval; and
- (4) evidence of match. **Indicate the funding year and the match amount.**

The applicant must ensure that the carryover funds budget does not include costs for program expenses that are already in the approved budget for its current year award agreement. For example, employee salary charged to both awards should not overlap or exceed 100% time; the SBDC must maintain record of time and effort for employees with

multiple cost objectives. A clear distinction of the carryover cost item must be described in the budget justification or the cost will not be accepted.

The carryover request narrative must indicate that funds will be used for an unmet objective, project or activity that was listed in the prior year technical proposal, or if the proposed use is for an unrelated cost item, the applicant must: a) explain why the cost item is necessary and reasonable; b) describe how the activity fits within the scope of the SBDC program; and c) distinguish how the costs are separable from, and do not duplicate items on the current year budget.

The match requirement for carryover funds can be met by using an increase in funds pledged by the SBDC, or overmatch from the year funds were carried over, or a combination of both. If using prior year overmatch, not more than 50 percent of the overmatch applied to the carryover may be non-cash match from waived indirect. If you choose to use waived indirect as non-cash match, the applicant must provide copies of the indirect cost rate agreement for the current program year (in which carryover funds will be spent) and show that both agreements (prior year and current year) have the same rate, so the value of the non-cash match remains the same.

Expenditures for the carryover requests must be accounted for separately from current year funds. All financial reports, pay requests and other correspondence relating to the carryover funds must reference the federal document number assigned to the funds carried forward.

4.1.7.2 Use of Program Income

Program income must be used to further the objectives of the SBDC program and cannot be used for other purposes. Expenditures from Program Income are subject to OMB Uniform Guidance and SBDC program rules and requirements as set forth in 13 C.F.R. § 130.480. SBDCs must expend any program income exceeding 25 percent of the SBDC's total budget (SBA federal funds and matching funds) by year end. Any remaining program income may be carried over to subsequent budget periods to be used to further program objectives. SBDC Program recipients are responsible for establishing a separately identifiable program income account to facilitate financial reporting. All program income must be reported on SBA Form 2113 (Program Income Report). The SBDC will include as an attachment to the SF-425, the SBA Form 2113 and Form 2113 Worksheet and a narrative description of how program income was used to further eligible program objectives.

4.1.7.3 Cash Match Requirement

Each SBDC Applicant must ensure that no less than 50% of the required match funding will be in cash. Cash match contributed by the Applicant organization or Service Center must be committed as part of specific direct cost line items (e.g. personnel services, fringe benefits, consultants) must be verified by the Certifying Representative prior to funding. This cash outlay may not be allocated to indirect costs.

Further, the cash match shall not include: (1) funds contributed from other federal sources [see exception below]; (2) program income or fees collected from recipients of assistance, whether collected by the Lead Office, Service Centers or any other participants in the SBDC network; or (3) amounts committed by the Applicant organization for unidentified and/or contingent costs in the cost proposal.

There is one exception to the disallowance of federal funds as cash match. Community Development Block Grant (CDBG) funds received from the Department of Housing and Urban Development are allowed when: (1) the SBDC activities are consistent with the authorized CDBG activities for which the funds were granted; and (2) the CDBG activities are identified in the Consolidated Plan of the CDBG grantee or in the agreement between the CDBG grantee and the sub recipient of the funds.

The cash match must be committed up front and identified by source and amount in the SBDC cost proposal. The cash match account (as well as SBA federal funds) allocated to the SBDC program, must be under the direct management of the SBDC Lead Office or Service Center Director. However, SBDC organizations are not required to establish separate bank accounts solely for SBDC purposes. The availability of this cash contribution for SBDC program operations must be certified by the official from the Applicant organization who signs the Federal Assistance Form (SF-424).

If the state is providing part of the cash match, the Certifying Representative must verify that these funds have been appropriated prior to award of the Cooperative Agreement. However, in situations where state appropriation cycles prohibit total compliance prior to award of the Cooperative Agreement, the Certifying Representative shall verify that sufficient upfront cash match will be available from the state or other sources, prior to any withdrawal of federal funds.

- **Allocation of Federal Funds to Direct Costs**

SBA requires that at least 80 percent of federal dollars provided through the Cooperative Agreement be allocated to the direct costs of the program.

4.2 Submission Instructions

An electronic copy of the proposal must be provided to the SBA District Office for review and negotiation prior to submission to grants.gov. All proposals (narratives and forms) must be submitted electronically via the government-wide financial assistance portal www.grants.gov. **NO OTHER FORMS OF SUBMISSION WILL BE ACCEPTED.** All required forms are provided in the grants.gov application package for this funding opportunity. Specific instructions for obtaining, completing, and submitting an application via grants.gov, including animated tutorials, may be found at <http://www.grants.gov/web/grants/applicants/apply-for-grants.html>

In order to submit an application via grants.gov, an organization is first required to:

- have a DUNS number,
- be registered with the System for Award Management (SAM), and

- have a grants.gov username and password.

The process for meeting these three pre-submission requirements may take several days to complete. Additionally, Applicants may have to download or upgrade their software in order to utilize grants.gov. Applicants should not wait until the closing date to begin the submission process in order to avoid unexpected delays that could result in the rejection of an application.

Information about the grants.gov registration process can be found at <https://apply07.grants.gov/apply/OrcRegister>. Applicants must register as organizations, not as individuals. Please note that organizations already registered with grants.gov do not need to re-register. However, all registered organizations must keep their SAM registration up-to-date. **The legal name, including Doing Business As (if any) and address on the Application and in SAM must be the same.**

As part of the grants.gov registration process, an Applicant must designate one or more Authorized Organizational Representatives (AORs). AORs are the only individuals who may submit applications to grants.gov on behalf of an organization. If an application is submitted by anyone other than a designated AOR, it will be rejected by grants.gov and cannot be considered for funding.

Once an application is submitted, it undergoes a validation process through which it will be accepted or rejected by the grants.gov system. The validation process may take 24 to 48 hours to complete. Applicants should save and print written proof of an electronic submission made at grants.gov. Applicants can expect to receive multiple emails regarding the status of their submission. The first email will confirm receipt of the application. The second email will indicate that the application has either, been successfully validated by the system and assigned an SBA tracking number, or it has been rejected due to errors. An Applicant will receive a third email once SBA has downloaded its application from grants.gov for review in accordance with Section 5.3 “Review and Selection Process” below.

If grants.gov notifies an Applicant via email that its application contains an error, the Applicant must correct the noted error(s) before the system will accept and validate the application. Applicants that choose to submit on or close to the closing date are advised they may not receive email notification of an error with their applications until after the submission deadline, and thus will not have an opportunity to correct and resubmit their applications.

APPLICATIONS THAT ARE REJECTED BY GRANTS.GOV WILL NOT BE FORWARDED TO SBA AND CANNOT BE CONSIDERED FOR FUNDING. It is the Applicant’s responsibility to verify that its submission was received and validated successfully at grants.gov. To check on the status of your application and see the date and time it was received, log on to grants.gov and click on the “Track My Application” link from the left-hand menu.

If you experience a technical difficulty with grants.gov (i.e., system problems or glitches with the operation of the grants.gov website itself) that you believe threatens your ability to submit your application, please (i) print any error message received; and (ii) call the grants.gov Contact Center at 1-800-518-4726 for immediate assistance. Ensure that you obtain a case number regarding your communications with grants.gov. NOTE: Problems with an Applicant’s own computer system or equipment are **not** considered technical difficulties with grants.gov. Similarly, an Applicant’s failure to: (i) obtain a DUNS number or complete the SAM or grants.gov registration process; (ii) ensure that an AOR submits the application; or (iii) take note of and act upon an email from grants.gov rejecting its application due to errors, are **not** considered technical difficulties. A grants.gov technical difficulty is an issue occurring in connection

with the operations of grants.gov itself, such as the temporary loss of service by grants.gov due to an unexpected volume of traffic or failure of information technology systems, both of which are rare occurrences.

Applicants should use the following link to obtain assistance in navigating grants.gov and access a list of useful resources: <http://www.grants.gov/web/grants/applicants/applicant-faqs.html>. If you have a question that is not addressed under the “Applicant FAQs,” try consulting the “Applicant User Guide” or contacting grants.gov via email at support@grants.gov or telephone at 1-800-518-4726. The grants.gov Contact Center is open 24 hours a day, seven days a week.

4.3 Required Proposal Submission Dates

Each Applicant is required to submit its proposal electronically via www.grants.gov no later than 11:59 p.m. Eastern Time on July 28, 2016 for fiscal year funded entities, or 11:59 p.m. Eastern Time on September 15, 2016 for calendar year funded entities. Because of the pre-conditions for submitting applications via grants.gov and the potential for encountering technical difficulties in using that site, Applicants are strongly encouraged to log on to grants.gov and review the submission instructions early. **DO NOT WAIT UNTIL THE CLOSING DATE TO BEGIN THE SUBMISSION PROCESS.** Applicants bear sole responsibility for ensuring their proposals are submitted and received before the closing date.

SBA will consider the date and time stamp on the validation generated by grants.gov as the official submission time. A proposal that is not received by grants.gov before the closing date of this Announcement will be rejected without being evaluated, unless the Applicant can clearly demonstrate through documentation obtained from grants.gov that it attempted to submit its proposal in a timely manner but was unable to do so solely because of grants.gov systems issues. Additionally, SBA will not accept any changes, additions, revisions or deletions to applications made after the closing date.

Applicants should save and print written proof of an electronic submission made at grants.gov. If problems occur while using grants.gov, the Applicant is advised to (i) print any error message received; and (ii) contact grants.gov for immediate assistance. Applicants may obtain advice and assistance with the grants.gov submission process by visiting <http://www.grants.gov/help/help.jsp> or by calling 1-800-518-4726.

SBA will not evaluate Applicants that do not document in their application that they meet the requirements for participation in the SBDC program. **Submissions will only be accepted via www.grants.gov.**

Proposals will be rejected without being evaluated if they are submitted by ineligible organizations or they are illegible or materially incomplete due to an Applicant's failure to include all required forms and/or provide the required level of detail.

5.1.1.1 OSBDC is responsible for:

- Mailing the continuation letter to the SBDC Lead Office Director.
- Notifying the SBDC Lead Office Director when the Program Announcement is posted on www.grants.gov.
- Reviewing the proposal and resolving any outstanding issues not settled by the District Office under the Disputes Policy (See [13 CFR Part 130](#)).
- Approving the proposal and issuing the Notice of Award.
- Conducting programmatic and financial reviews.

- Submitting a letter of approval of the proposal by the District Director in the proposal via www.grants.gov.

All District Office communications must be run through the Lead SBDC Center unless all parties agree to an alternative communications plan.

Intergovernmental Review

The SBDC program does not involve the mandatory payment of any matching funds from the state or local government and does not affect directly any state or local government. As appropriate, SBDC programs should comply with [Executive Order 12372](#), "Intergovernmental Review of Federal Programs."

5.1.2 SBDC Program Objectives and Required Services

The SBDC Program is sponsored and partially funded by the U.S. Small Business Administration (SBA). The SBDC Program is governed by Section 21 of the Small Business Act, 15 USC § 648, and federal regulations, 13 CFR Part 130. SBA also requests a written explanation of such action, if allowed by the Recipient Organization. The Host institution should require another SBDC State or Regional Program Director be included in the hiring process.

5.2 Evaluation Criteria

All timely, materially complete applications received from eligible organizations will be reviewed in accordance with the criteria listed below.

In addition, as participants in a grant program of the SBA, SBDCs should be familiar with overarching Administration and Agency goals. SBA's strategic goals and the budget that supports those goals are outlined in SBA's "FY 2017 Congressional Budget Justification and FY 2015 Annual Performance Report" available at: https://www.sba.gov/sites/default/files/FY17-CBJ_FY15-APR.pdf In particular the SBDC network helps SBA achieve Strategic Goal One – Growing Businesses and Creating Jobs, by supporting objective 1.3 "Strengthen entrepreneurial ecosystems through a variety of strategic partnerships to provide tailored training, mentoring and consultation services that support entrepreneurs during every phase of their business growth."

Overarching Administration performance is outlined in the Government Performance Results Act available at: <http://www.whitehouse.gov/omb/performance/gprm-act>

5.2.1 Performance Measurements

SBA is focused on strategic planning, performance, and proven results as measured by each SBDC's achievement of negotiated and agreed upon short- and long-term outputs and outcomes. SBDCs are expected to provide in-depth, substantive, longer-term, outcome-oriented counseling and training for greater economic impact measured by the creation and retention of businesses and jobs, capital infusion and increased company revenues.

SBA and the SBDCs have jointly identified the following performance goals for the SBDC program:

- Number of Single-year, Long-Term Clients (5 hours or more of counseling, contact and prep time);

- Number of new businesses created; and
- Dollar Amount of Capital Infusion, which includes SBA loans, non-SBA loans and equity investment.

Additional performance measures that will be reported to SBA but not goalled:

- Number of jobs created, and
- Number of jobs retained.

Data reporting performance goals/measurements are collected through SBA's centralized data collection system (currently EDMIS). Data integrity, and the verification and validation of performance results are an SBA priority, as well as provide the ability to attest to the quality and impact of the program.

Performance goals are negotiated annually between the SBDC and the District Office. If the goals are in alignment with appropriate indices, they will be accepted by OSBDC and incorporated into the SBDC Notice of Award. When circumstances warrant, OSBDC will work with the District Director and the SBDC to adjust performance goals.

5.2.2 Important Priorities for SBDC Recipients in FY/CY 2017:

- Promoting an inclusive vision of entrepreneurship, one that draws entrepreneurs of all demographics, backgrounds and locations into the SBDC for business assistance.
- Providing both new to export and ready to export training and assistance.
- Providing contracting and procurement assistance, e.g., 8(a).
- Providing assistance to veterans including:
 - marketing SBA's Military Reservist Economic Injury Disaster Loan program;

5.2.4 Collaboration and Leveraging of Resources

Applicants will be reviewed on the breadth of their plans for coordinating their proposed activities and working to expand the scope and reach of their project in collaboration with entities such as SBA's District Offices, other federal, state, local and tribal government agencies, other SBA grant Recipients/resource partners (SCORE, WBCs), trade associations, business/industry groups, institutions of higher education, and/or private organizations. Additionally, Applicants should note the availability of any non-award funds and/or in-kind resources that will be pledged to the performance of their projects.

5.2.5 Risk Assessment

As required by 2 C.F.R. § 200.205(b), Applicants will be further evaluated by OSBDC to assess the possible risks they may pose to accomplishing the objectives of the award and to maintaining compliance with the terms and conditions of the award. In assessing the possible risks posed by individual applicants, OSBDC will include in its consideration the following:

- a) Financial stability;
- b) Financial Management systems quality and its ability to meet the management standards prescribed in 2 C.F.R. § 200.302;
- c) History of performance in managing other Federal awards, including: timeliness of providing required reports; compliance with the terms and conditions of the award; ability to meet matching funds requirements; and the extent to which the applicant has failed to fully expend funds provided under prior awards; Results, reports, and findings from any of its available audits or programmatic reviews and its responses to them; and
- d) Ability to effectively implement statutory, regulatory, or other requirements.

SBA may decline to issue an award under this announcement based on this risk assessment.

5.3 Review and Selection Process

All SBDC funding proposals must be reviewed by and receive concurrence from the SBA District Office(s) (District Director and/or Project Officer) in their geographic territory prior to submission of the final proposal to www.grants.gov; a concurrence letter from the SBA District Director must be included in the proposal submission. If multiple SBA District Offices are in the geographic service area of the SBDC, one SBA District Office Project Officer serves as the designated primary point of contact for the SBDC. The SBA Project Officer must obtain the concurrence and signature of all SBA District Directors in the geographic territory before issuance of the concurrence letter. Within statutory and regulatory boundaries, annual goals must be jointly negotiated and agreed upon between the District Director(s) and the SBDC State/Regional Program Director subject to the final approval of OSBDC.

After the proposal has been received by OSBDC, all submissions and/or revisions (if any) will be reviewed for programmatic and financial content and sufficiency by the appropriate OSBDC Program Manager and Grants Management Specialist. SBDCs will be contacted by either the Project Officer or OSBDC if the proposal/submission has issues that require resolution. The SBA Program Manager recommends approval to the Grants Management Specialist once the programmatic review of the proposal has been completed. The Grants Management Specialist reviews the budget and all fiscal documentation to ensure that costs are in compliance with applicable OMB cost principles and issues the Notice of Award.

6.0 Section VI - Award Administration Information

6.1 Award Notification

Recipient Organizations will be notified of annual funding status.

6.2 Administrative and National Policy Requirements

All successful Applicants will be required to comply with the requirements set forth in Section 21(a)(4)(C)(viii) of the Small Business Act (15 U.S.C. § 648(a)(4)(viii)) and 13 CFR Part 130 et seq.; 2 C.F.R. Part 200; the Assurances for Non-Construction Programs (SF-424B); and the terms and conditions set forth in their Notices of Award. In addition, SBA may, from time to time, advise Recipients of awards made under this Announcement of new legal requirements and/or statutorily authorized policy initiatives with which they must agree to comply.

6.3 Reporting

6.3.1 Required Data Collection System - EDMIS

All SBDC's are required to report program data through SBA's data collection system (currently EDMIS). EDMIS serves as a centralized data collection system. While SBDCs may, if they feel the system meets all of their MIS needs, use EDMIS as their primary MIS, they may also choose to maintain existing or complementary systems should they individually require more extensive data collection needs than that of the SBA.

All SBDCs must be fully capable of either manually entering data or uploading batch files to SBA's data collection system (EDMIS). SBDCs are required to upload all data they have collected via the SBA approved data collection tools (Form 641 and Form 888) except as precluded by statute.

PIMS Maintenance:

SBA requires Lead Center SBDCs to maintain their Lead Center and Service Center information in SBA's Partner Identification Management System (PIMS), which interfaces with EDMIS. **The Lead Center SBDC will designate one employee to update PIMS and will provide their name, email address and phone number within the proposal.**

The SBDC PIM's designee must keep any changes to SBDC locations current. Within 15 days of changes in contact information such as individuals, telephone numbers, fax numbers, e-mail and website addresses for Lead and Service Centers those changes must be made in the PIMS system by the designee. If the Lead Office plans to add or close a location in its network, those changes cannot be made in PIMS by the SBDC. Instead the SBDC must email the appropriate OSBDC Program Manager about the addition or change. OSBDC will then have the information updated in the PIMS system. Only OSBDC can add or close Centers.

In the event of a change in the PIMS designee, the SBDC must notify their OSBDC Program Manager within 15 days.

6.3.2 Required SBA Reports

All SBDC recipients must provide the required reports to SBA by the established deadlines. Failure to file timely reports may result in withholding of reimbursements.

The required reports are:

1. SBDC Quarterly Counseling and Training Reports (EDMIS submission)

2. Financial Reports, including SF-425 with required attachments
3. Program Income Report (SBA Form 2113 and required attachments).

All data collected from the Form 641 (except as precluded by statute) are to be reported through EDMIS as part of this quarterly reporting requirement. All SBDCs are required to either manually enter data or upload batch files to the EDMIS system. These files must contain complete information for all fields. The EDMIS system stores this client specific information and is capable of generating reports on the data. The data collection tools consist of Form 641 and Form 888 as well as an on-line collection of annual impact data. The 641 is designed to collect client specific data. As such, it is recommended that all fields be as complete as possible. Non-mandatory fields must be completed when data is available, including but not limited to job creation and retention data, gross sales, export sales, government contracting and other economic impact data. Economic Impact data that is collected on the 641 should also be included in the Economic Impact Report in EDMIS. The most current version of approved client definitions is available on www.sba.gov/edmis. Other documentation regarding EDMIS is also available at this site.

6.3.2.2 Financial Reports

Lead Offices must submit the SBDC Financial Report including Standard Form 425, signed by the authorized representative of the Recipient Organization, concurrently to their SBA Project Officer, Program Manager, and Grants Management Officer electronically, in PDF format. The Financial Status Statement is due to OSBDC by October 15 for both FY- and CY-funded programs in advance of a biennial financial examination. A recipient’s failure to comply with this requirement in a timely manner can result in delayed processing of payment requests.

6.3.2.3 Performance Reports

Performance Reports must address the SBDC’s progress towards meeting the major activities, objectives and performance goals from the approved proposal in a brief narrative. It should also include a discussion of issues the SBDC believes may impair its ability to achieve these items by the end of the budget period accompanied with proposed actions for improvement. These Reports must be a summary of the activities, **outputs, outcomes and achievements** in these reporting categories with accompanying management analysis. They must not be a recitation of actual events, center-by-center.

Data on achievement of negotiated performance goals, and reporting on other planned milestones and proposed activities should correlate to accomplishments achieved during the reporting period for each recipient's designated project and budget period (i.e. during the federal fiscal year cycle beginning October 1, or calendar year cycle beginning January 1).

Performance reports must be submitted to the Project Officer and Program Manager in electronic format, preferably MS Word. To avoid problem with electronic email size limitation, transmission of electronic reports should not be over 5MB.

The Project Officer will complete the Grant/Cooperative Agreement Monitoring Statement and furnish a copy to the OSBDC Program Manager.

1. Interim Performance Reports.

Failure to submit this Report accurately and in a timely manner could jeopardize future funding. This Report **must not exceed 50 pages in length if at all possible** and must include all attachments and data set forth below and in the Notice of Award.

The Annual Report should be in the same format as the Semi-annual reports and represents the consolidated effort of the entire SBDC network for the full performance period, highlighting third and fourth quarter information as necessary. A complete annual report includes an overall summary of the Network's efforts in delivering core services set forth in the approved proposal as incorporated in the Cooperative Agreement for the full budget period, in the form of a brief narrative description and management analysis. A summary of specific achievements in each of the reporting categories listed in section 6.3.3 is also required. **** Reporting categories only; do not use for proposal narrative**

6.4 Recordkeeping Requirements

All SBDC Applicants and their Service Centers are required to maintain complete and accurate records and supporting documentation to facilitate a thorough program examination. All significant client counseling, training and other activities shall be fully documented. SBDC Applicants will support SBA’s required data collection and reporting system.

In addition to the performance, financial and program reports already mentioned in this Announcement, SBDCs must maintain the following **records**:

6.4.1 Counseling Activity

All SBDCs are responsible for reporting all counseling activities on SBA Form 641, "Counseling Information Form" or an equivalent form that supports SBA's management information database. A client will be counted once in a federal fiscal year with reporting to include both the number of sessions and the number of hours spent with the client. Copies of these forms or an electronic signed copy must be available for review by the SBA when requested.

On-line counseling must meet the standards identified in the client definitions and there must be a signed SBA Form 641 or its equivalent that supports SBA's management information database.

Agreement

Each client is required to sign a request for assistance, SBA Form 641 or equivalent, and must be shown the following statement:

"I request business counseling service from the Small Business Administration (SBA) or an SBA Resource Partner. I agree to cooperate should I be selected to participate in surveys designed to evaluate SBA services. I permit SBA or its agent the use of my name and address for SBA surveys and information mailings regarding SBA products and services (Yes/No). I understand that any information disclosed will be held in strict confidence. (SBA will not provide your personal information to commercial entities.) I authorize SBA to furnish relevant information to the assigned management counselor(s). I further understand that the counselor(s) agrees not to: 1) recommend goods or services from sources in which he/she has an interest, and 2) accept fees or commissions developing from this counseling relationship. In consideration of the counselor(s) furnishing management or technical assistance, I waive all claims against SBA personnel, and that of its Resource Partners and host organizations, arising from this assistance."

These forms shall be retained in accordance with current OMB and SBA requirements. SBDCs may use a computerized version of this Form.

6.4.2 Transactions with Suspended or Debarred Entities

SBDCs are responsible for verifying that entities (such as employees, consultants, contractors or other service providers) that are paid with program funds and clients receiving counseling assistance supported by program funds are not currently under suspension, or debarment by **or have an unresolved debt with** a Federal agency. SBDCs may require clients to certify that they are not currently suspended or debarred prior to receiving counseling assistance and should retain certification records with client files.

6.4.3 Training Activity

The SBDC must use SBA Form 888 or its equivalent to document and report SBDC training activities. The agenda and/or program content, attendee list and evaluations are required for each training event. SBDC's will submit all training information from the SBA Form 888 or equivalent form quarterly to SBA's data collection system (currently EDMIS). The training information will be considered certified by the State/Regional Program Director when uploaded into EDMIS. The SBA Form 888 or similar program developed form must be maintained at the SBDC for review by the SBA when requested.

6.4.3.1 Multi-Session Training:

For courses with multiple sessions, each session may count as one course. Sessions must correspond with the minimum training duration identified in the definitions listed in section 8.1.36 below. SBA's management information system collects both the number of sessions and hours for the course.

6.4.3.2 On-line Training:

An SBA Form 888 is required for all on-line training events. At a minimum, the following fields should be completed on a registration form for on-line training: i) Client Name or approved client-coded name/number; ii) E-mail Address; and iii) Zip Code.

In addition, every attempt should be made to collect these data:

- Race.
- Ethnicity.
- Gender.
- Disability.
- Veteran Status.
- Military Status.

6.4.3.3 Co-hosted (Collaborative) training:

When reporting training numbers for a co-hosted training, the hosts (SBA and ED resource partners) must work together to determine how to equitably divide the number of clients among themselves.

Examples involving multiple resource partners contributing to a single training event:

- If each resource partner contributes a significant amount of presentation time (defined as one hour or more per partner), then each host could count all attendees. Accordingly, if five partners co-hosted a training event with five hours of total presentation time (each partner delivering training for at least one hour) and 15 persons attended the event, each partner could count fifteen persons trained for one hour each.
- If each partner puts in less than one hour (per partner) of presentation time, the attendee count would be divided among the hosts based on mutual agreement. Accordingly, if five partners co-hosted a training event with 1.5 hours of total presentation time (each partner delivering training for less than one hour) and fifteen persons attended the event, the partners would negotiate how to divide the number of attendees (e.g. each partner could count three persons trained for 1.5 hours).

6.4.4 SBDC Client Evaluation Forms

Evaluations must be solicited from SBDC clients who receive continuous counseling or attend an SBDC training event. All SBDCs should develop internal procedures to ensure that these evaluations are performed on a regular basis and retain these documents on file. Client satisfaction rate data must also be reported in the Annual Report and Economic Impact Report field in EDMIS. See sections 6.3.2.4 and 6.3.3, Reporting Category 2300 Economic Impact, for further guidance.

6.4.5 Financial Recordkeeping

An SBDC must maintain the documentation for year-end Standard Form 425 Financial Report as required by OMB Circulars and SBA Regulations. SBDC Lead Offices and Service Centers that manage other non-SBDC funds (i.e. not included in the Proposal or SBA Cooperative Agreement) must maintain separate ledgers and transaction journals for the SBDC financial activity to ensure a clear audit trail of the financial resources used under the SBDC Cooperative Agreement as required by 2 C.F.R. §200.302. SBDC expenditures of federal, matching and program income must be accounted for separately from other center resources. In addition, funds must be identifiable to the program year for which they were provided. Funds that were approved as a “carryover” from a previous program year also must be maintained and reported separately. SBDCs must maintain support documents for SBA Form 2113 and SF-425s. This support should consist of at a minimum:

- A spreadsheet that reconciles the SF-425 and the disbursement journals at the Lead Office and subrecipient organizations (i.e. subcontracted Service Center(s)). This applies to the Lead Office only.
- Support for all charges to the Cooperative Agreement, but not limited to the disbursement ledger, vendor invoices, canceled checks and journal entries.
- The expense reimbursement invoices submitted from the subcontracted Service Centers and any related supporting documentation (i.e. disbursement ledgers, comparison of actual to budgeted expenditures). This applies to Lead Office only.
- Any agreement(s) related to matching costs.
- Support for program income receipts and expenditures including receipt and disbursement journals.
- Salary and wage records for SBDC employees charged to the Cooperative Agreement (Both Recipients and Subrecipients must maintain the appropriate standard per 2 C.F.R. Part 200) to document costs for full-time and part-time personnel allocated to the program. This may include, but is not limited to, time and effort certification, appointment letters or contracts, performance reviews, payroll journals and/or activity reports. The records should be incorporated into the official records of the institution.)
- **Support for in-kind costs:** Contributions, when used as match, must be documented showing the name of donor, phone number, signature of donor, date of donation, justification of the value of goods or services (hours with labor rate of services) and narrative description of service provided or item donated. OSBDC implemented the following policy regarding in-kind contributions:

- Contributions may include, but are not limited to, cost items such as time and materials, office space and equipment.
- A bona fide contribution exists and may be claimed when the source of the donation has no reasonable expectation of compensation such as a requirement that the contribution be made as a provision in a contract or purchase order for the products or service.
- Paid SBDC staff (i.e., host employees) are not eligible sources of in-kind contributions over and above the remuneration of salaries and benefits provided by the Host Organization.
- Applicants that include in-kind contributions from SBDC consultants, advisors and counselors who are also paid SBDC contractors must clearly indicate in the budget detail and/or narrative the allocation of paid time, vs. unpaid time over and above the contracted work. All documentation requirements for in-kind contributions proposed and expended will apply.
- SBDC support documentation must include the following: dated and signed statement from the donor identifying the specific nature of the donation, contact information and indicating that no additional remuneration is expected. Donor documentation may resemble an invoice with those provisions.
- The SBDC must document the annual basis for valuing the donation in a clear manner such as the following: three bids or quotes in response to a competitive procurement process for similar cost items; sales literature, price catalogs; published schedules; or documented pricing for similar cost items previously paid for by the Host Institution.
- The total value of paid and donated services from each donor must represent a reasonable value to the government and be consistent with the procurement policies and standards of the Host Institution.

8.2 Guidelines

8.2.1 Business Matchmaking

SBDC's are encouraged to participate in SBA Business Matchmaking events. Business Matchmaking provides a means for small businesses to be matched with procurement representatives from government agencies and major corporations with actual contract opportunities. Business Matchmaking is offered at no cost to its participant - buyers or sellers. The events combine education and counseling by pairing expert small business advisors and topical experts with networking and matchmaking through face-to-face events. In addition to the face-to-face events, there is also the Business Matchmaking On-line Network.

8.2.2 Faith-Based & Neighborhood Partnerships

SBDC's are encouraged to coordinate activities through either a contractual or partnership relationship with faith-based and other neighborhood organizations. SBDC's are also encouraged to coordinate their efforts with SBA's Faith-Based and Neighborhood Partnership initiatives designed to open government programs to these organizations to improve their communities. There are no grant funding set-asides for faith-based organizations. Instead, the Faith-Based and Neighborhood Partnership creates a level playing field for faith-based as well as other neighborhood organizations to work with the government to meet the needs of America's communities.

Lead Offices should be aware that many sectarian colleges and universities are eligible to participate in the SBDC program. In assembling and maintaining their statewide/region-wide SBDC networks, Lead Offices should be mindful of not imposing any unnecessary conditions which could prohibit or discourage otherwise eligible faith-based or other neighborhood organizations from seeking to act as Service Centers. If a Lead Office has any question regarding particular entity's eligibility to function as a Service Center, it should contact SBA for further assistance.

8.2.3 Environmental Assistance

Environmental assistance includes any activity that encourages, supports and enables small businesses to develop, market, and/or adopt environmental technologies (including pollution prevention) to achieve economic growth and environmental compliance. SBDCs are encouraged to consult with appropriate state and/or local providers of environmental technical assistance programs.

8.2.4 FCC Broadband Plan

For information on the FCC broadband plan click [The National Broadband Plan: Connecting America](#) or enter <http://www.broadband.gov/> in your browser.

8.2.5 Financial Packaging Assistance/**Access to Capital**

SBDCs should work with their SBA District Offices to provide services that increase small businesses' access to capital. SBDCs are encouraged to develop linkages with lenders, Small Business Investment Companies (SBICs), venture capital firms, Certified Development Companies (CDCs), SBA micro-lending intermediaries and state and local finance programs.

SBDCs will assist small businesses with business plan development, financial statement preparation and analysis, cash flow preparation and analysis, source and application of funds. In addition, SBDCs, in cooperation with SBA District Offices, are expected to offer service to new SBA clients and to assist delinquent SBA borrowers who are referred to them by SBA and/or lenders to assist in problem solving, business restructuring, cost analysis, market penetration and other similar subjects.

8.2.6 Financial Assistance Restrictions

SBDCs cannot make loans, service loans or make credit decisions regarding the award of loans.

SBDCs must not advocate, recommend approval or otherwise attempt in any manner to influence SBA to provide financial assistance to any of its clients. SBDCs may not charge fees for providing assistance for financial packaging. Providing any preferential treatment to clients of any specific lender is prohibited, as is the SBDC's acceptance of payment for the provision of counseling services.

8.2.7 Financial Packaging Assistance Guidelines

SBDCs are encouraged to provide counseling services that increase a small business concern's access to capital, such as business plan development, financial statement preparation and analysis and cash flow preparation and analysis.

SBDCs should help prepare their clients to represent themselves to lending institutions.

While SBDCs may attend meetings with lenders to assist clients in preparing financial packages, they may not take a direct role in representing clients in loan negotiations.

SBDCs should inform their clients that counseling assistance or financial packaging assistance does not guarantee receipt of a loan.

8.2.8 Innovation Clusters

The Interagency Regional Innovation Clusters Taskforce (the "Taskforce") has been charged with developing a replicable and sustainable model for coordinated federal and regional efforts that foster and use regional innovation clusters to develop and demonstrate sustainable and efficient models for attaining national strategic objectives; create and retain jobs; eliminate gaps between the supply and demand for workers in specialized fields through training and education; increase regional gross domestic product (GDP); promote innovation in science and technology; and enhance the economic, technological, and commercial competitiveness of the United States on the global stage. SBDCs should participate where practical.

8.2.9 International Trade Services

SBDCs will provide international trade finance and market development assistance to small businesses throughout the SBDC network. Where appropriate and to the extent possible, SBDCs will offer special programs. SBDCs shall maintain a minimum number of certified export assistance advisors in their network, as required by the Small Business Act and further defined in [SBA Policy Notice 6000-800](#). Such international trade services will be conducted in conjunction with the SBA representative at the local U.S. Export Assistance Center and other relevant federal, state and local agencies providing small business export and trade assistance.

8.2.10 International Trade Center (ITC)

Where appropriate, SBDCs will establish International Trade Centers (ITCs) to focus on export assistance to small businesses. ITCs are specialty centers within the SBDC network dedicated specifically to providing international trade services. A list of these centers/locations shall be included with the proposal. ITCs must have a separately designated and full-time Director and qualified professional staff. They must have a separate budget within the SBDC and there must be separate international trade related counseling and training milestones established in the SBDC Cooperative Agreement. Separate brochures marketing the SBDC's international services must be developed and distributed.

The ITC will coordinate and use public and private resources to provide assistance to small businesses, and particularly to those small businesses new to exporting or with export finance packaging needs.

ITCs will provide a broad range of services as appropriate and needed by the small business community, including the following:

- Assist SBA by supporting Export Assistance Centers sponsored by SBA, the Department of Commerce, the Export-Import Bank and other federal agencies.
- Assess client's export-related financing needs and assist clients in structuring and compiling necessary documentation, (i.e., business plan development, financial statement and analysis, cash flow preparation and analysis, source and application of funds, letters of credit, etc.) for export financing and particularly for SBA's Export Working Capital Program.
- Develop linkages with local lenders, SBA District Export Finance Officers, Ex-Im Bank personnel and U. S. Export Assistance Center personnel.
- In cooperation with SBA, develop an Export Trade Assistance Partnership (E-TAP) program on an annual basis for new exporters. Create an E-TAP Task Force for its development and cooperation with other appropriate private and public sector partners to provide counseling and training for this program.
- Develop and conduct seminars on opportunities and procedures involved in exporting, export finance, joint ventures, licensing, ISO 9000 and other International Standards Registration, metric conversion and so forth.
- Identify and analyze client's international trade needs, capabilities and problems and provide in-depth counseling in international trade techniques, procedures and opportunities.
- Use services available through the Federal Bar Association/SBA Agreement to assist in the resolution of client's international trade/legal problems, the Export Legal Assistance Network (E-LAN).
- Assist SBA in promoting and recruiting participants for SBA cosponsored events including those with the Department of Commerce, the Overseas Private Investment Corporation, the Agency for International Development and the Export-Import Bank.
- Assist SBA in disseminating information on trade promotion, trade finance, trade adjustment and trade remedy assistance.

8.2.11 Manufacturing Assistance

Many SBDCs partner with the Department of Commerce, National Institute of Standards and Technology's Manufacturing Extension Partnerships (MEPs) to provide specialized services to small manufacturers.

Through this partnership, a small manufacturer can receive business management assistance from the SBDC and engineering assistance from the MEPs.

All SBDCs that are partnering with the NIST MEPs are encouraged to continue this valuable assistance to small business manufacturers. SBDCs without a working partnership with the NIST MEPs may wish to pursue one. The nature of any participation with MEPs must be reported in the semiannual and annual reports to SBA.

8.2.12 Military Base Closings and Reductions-in-Force

In those states where base closing or realignments have occurred or will occur, the SBDC must provide a full range of business development and technical assistance services in the affected areas. These services should be specifically designed to meet the particular small business needs that arise as these closings and realignments occur, including services specifically targeted toward existing and former military personnel.

8.2.13 Minority Enterprise Development

SBDCs should work with their SBA District Offices to provide training and counseling to firms in all stages of participation in the 8(a) Program. Each SBDC must make all of its economic development and technical assistance services available to 8(a) firms in all stages, other minority business owners and prospective minority business owners. SBDCs are encouraged to make special efforts to assist SBA's Minority Enterprise Development 8(a) Program. These efforts include community-based seminars and workshops concerning the SBA's 8(a) Program application process.

SBDCs should inform their 8(a) clients that counseling assistance does not guarantee receipt of a contract.

8.2.14 Native American Assistance

Each SBDC must make its economic development and technical assistance services available to Native Americans. Local initiatives for Native Americans shall be supported when appropriate, and to the extent possible, by the appropriate SBDC where it is determined that this assistance is needed. Where appropriate, SBDCs shall provide support to initiatives of SBA's Office of Native American Affairs (ONAA).

8.2.15 Procurement Assistance

SBDCs are encouraged to provide services that provide basic information needed by small business concerns interested in procurement opportunities in the Government arena. These services should include, but not be limited to:

- Providing information on government buying methods.
- Identifying the role of SBA Area Directors for Government Contracting located in SBA field offices and Procurement Center Representatives (PCRs) located at Federal Government purchasing activities.
- Educating small businesses about the Federal government's move toward doing business by Electronic Data Interchange, marketing techniques and placement on agency bidders' lists.
- Assisting with the preparation of bids and proposals.
- Identifying subcontracting opportunities.

- Providing counseling and referral information concerning bidders' rights and obligations, appeal procedures, termination and default actions, and size criteria (business advice, not legal advice).
- Providing assistance on contractual, financial and contract administration issues.
- Identifying and facilitating access to computerized systems that identify federal, state and local procurement opportunities.
- Assisting eligible small business firms to complete and submit of the HUBZONE Empowerment Contracting Program electronic application.
- Working cooperatively with the Procurement Technical Assistance (PTAC) program.

8.2.16 Rural Development

SBDC Applicants must make a full range of business development and technical assistance services available to small businesses located in rural areas. These services will be designed to increase rural small business participation in exporting, government procurement, tourism, access to credit, incubators, innovation and technology and other small business programs.

8.2.17 SBDC State/Regional Program Director

The SBDC State/Regional Program Director must be a full-time (100%) senior manager who shall direct and monitor the program activities and financial affairs of the SBDC network to deliver effective services to the small business community, ensure the SBDC's compliance with applicable laws, regulations, OMB circulars and Executive Orders, implement the Cooperative Agreement and serve as the principal contact point for all matters involving the SBDC network. For these purposes, full-time is defined as 100% of time allocated between this grant and other grants that provide management and technical assistance to small businesses. These include technical assistance programs that the Lead Office may be conducting to fully utilize the resources of other federal, state and local government, academic and private sector programs concerned with aiding small businesses in order to provide seamless but not duplicate business development assistance. These other activities must be in accordance with the description above and must not be outside of the scope of management and technical assistance to small businesses. Of that, at least 75% of the SBDC State/Regional Program Director's time must be dedicated to the functions of the SBA SBDC Cooperative Agreement. SBDC State/Regional Program Director may not receive additional compensation for managing these programs.

The SBDC State/Regional Program Director has the responsibility for negotiating the annual Cooperative Agreement with SBA, keeping in mind that national, state and local needs are to be addressed. Once an SBDC receives its approved budget and program funding from SBA, the SBDC State/Regional Program Director must have full authority to manage and implement the budget without restrictions from the host entity, including the management and oversight of all statutorily required areas of statewide/regional coverage.

8.2.18 Surety Bond Guarantee Assistance

SBDCs are encouraged to educate their resources and small business contractors about the Surety Bond Guarantee (SBG) Program. This includes making available program information at counseling and training sessions and at business, professional and trade association meetings. SBDCs should develop an outreach program and actively promote the SBG program to special emphasis contractors. SBDCs should refer small business contractors to the SBG specialist in one of the two SBG Area Offices (Denver and Seattle) for detailed information about the program. The Office of Surety Guarantees in SBA Headquarters will provide a power point presentation for this purpose. An SBDC should contact The Office of Surety Guarantees in SBA (202)205-6540 for answers to questions and for more information. The SBA OSG website is located at: www.sba.gov/about-offices-content/1/2891.

Many contractors are able to leave the program and obtain bonding on their own while others remain in the program for several years. One reason small contractors continue in the program is that they lack management expertise and have ongoing cash flow problems. SBDCs are encouraged to work with the SBG specialist in the appropriate Area Office to identify such contractors and give them the needed business management assistance. Among other areas, this may include business plan development, cash flow preparation and analysis, bid preparation, marketing and financial statement preparation and analysis.

8.2.19 Technical Assistance for Research and Innovation

The Lead Office must make technical assistance for research and innovation available, directly or through other relationships, to small businesses including, but not limited to: new product development; assisting inventors and high technology firms to research, develop and market their ideas and inventions; assisting non-technological firms to gain access to existing technologies; SBIR-related assistance; and facilitating the transfer of technology and technical data from federal and university laboratories.

8.2.20 Training

Applicants must provide quality training designed to improve the skills and knowledge of existing and prospective small business owners/managers throughout the SBDC network.

Training planned by SBDCs must be shared with the SBA Project Officer to avoid duplication with training efforts offered by other local organizations and SBA. In addition, all training materials developed in an electronic format shall be made available to the SBA Project Officer, and the SBDC Clearinghouse.

SBDCs may charge reasonable fees to cover program costs associated with this training. These fees are considered program income and shall be used to expand services and further SBDC program objectives.

8.2.20.1 SBDC Co-hosted Training

SBDCs are encouraged to enter into co-hosted training arrangements with the private sector and other organizations to extend outreach and productivity. (Cooperation between members of the SBDC network (i.e. Lead Office with Service enters or other organizations funded through the Cooperative Agreement with SBA is not considered a co-hosting).

In order for an SBDC to receive credit for a co-hosted training event, it must actively participate (i.e., provide speakers, materials, publicity) with the organization assuming primary responsibility for

financing the training session. Final responsibility for the quality of the training rests with the SBDC. When reporting training numbers for a training session co-hosted by the SBDC and another SBA resource partner (e.g., WBC, SCORE) and the training session is of such duration that each partner is training for less than one hour each, the partners must work together to determine how to equitably divide the number of clients among themselves. The number that the partners report must equal the total number of attendees at the event. However, in the case where there are breakout sessions lasting one hour or more given individually by the resource partners, then each resource partner can count any attendees participating in their breakout sessions as long as there is a sign-in sheet, an evaluation, and an SBA Form 888 is prepared. Where the training is of such duration that its length is equal to more hours than the number of ED partners co-hosting the event (i.e. one hour per partner), all partners can report the full number of attendees for the training, e.g., three hour training and three co-hosts.

For all co-hosted training among ED resource partners where there will be a distribution of receipts in whole or in part to the co-host, the training file for the activity must document clearly the role and responsibility of the SBDC and each participant receiving a share of the receipts. How the receipts were distributed must also be documented in the training file.

SBDCs are reminded that income received by the SBDC network for all co-hosted programs is considered program income and cannot be used for match funding; it must be used to further support the SBDC program. Note that SBDC programs involving the SBA District Office and one or more third party organizations as co-hosts (such as lenders or chambers of commerce) are subject to the Agency's co-sponsorship requirements, and may require a different treatment of program income receipts.

8.2.21 Veteran and Service-Connected Disabled Veteran Business Ownership

SBDCs must support the Entrepreneurship track of the Department of Defense's Transition Assistance Program (TAP) known as Boots to Business. The Boots to Business program is offered to service members and their spouses at military installations worldwide as a two-day Introduction to Entrepreneurship. The SBDCs are integral to the Boots to Business program, which uses a multi-phase approach to introduce transitioning service members to the fundamentals of small business ownership and highlights follow-on training and counseling opportunities with a focus on the eight-week online Foundations of Entrepreneurship course offered by Institute for Veterans and Military Families (IVMF) at Syracuse University. SBDCs must provide Boots to Business instructors, preferably veterans or those with knowledge of military culture, and assist with program marketing and outreach activities. Selection of instructors and the delivery of Boots to Business will be coordinated by SBA district offices and their designated Veterans Business Development Officer. As an extension of Boots to Business, SBA also offers Boots to Business: Reboot. This program offers the same tailored curriculum to veterans of all eras and their families, and is also delivered collaboratively by all SBA partners.

Each SBDC must make available all of its economic development and technical assistance services to veterans, including service-connected disabled veterans and their immediate families as well as Reservists and National Guard members called to active duty as appropriate. Both national and local initiatives for veterans

shall be supported by the appropriate SBDC as needed. If not actively involved with the Boots to Business initiative, each SBDC network will establish a minimum of one Veteran Entrepreneurial Training (VET) Program for veterans, service-connected disabled veterans, Reservists and National Guard members as well as active duty military personnel who are pending discharge. The program may include feasibility and marketing studies, preparation of business plans and loan packages including Patriot Express and formation of support groups to provide follow-up and encouragement to participants.

SBDCs should contact their state National Guard Adjutant General and all units of the Military Reserves to identify Reservists and National Guard members who are operators of small businesses; are otherwise self-employed, or are essential employees in small businesses and who have been or may be mobilized pursuant to Title 10 USC for active duty. SBDCs should offer and provide business interruption counseling and training as needed to minimize adverse financial and operational problems. Such counseling could include, but is not limited to, the offering advice on the best feasible means of winding up business operations and the utilization of federal and state laws (including the Soldiers and Sailors Civil Relief Act) enacted to protect small business persons who are subject to mobilization to active duty. Additionally, business assistance for self-employed Reserve and National Guard members following their release from active duty will be critical to mitigate expenses, secure legal assistance, engage in significant marketing efforts and otherwise minimize the negative effects of the member's mobilization on their small business or practice.

Each SBDC should identify veterans on its staff. Each SBDC should also encourage development of a veterans' business network and work with strategic partners to develop a local summit for veteran business owners and service-connected disabled veterans business owners as well as Reservists and National Guard members who are subject to be called to active duty. Each SBDC will contact its local VA regional office and engage VA Vocational Rehabilitation Counselors with clients.

SBDCs should highlight veteran's needs at small business seminars, conferences and outreach Program Announcements. SBDCs should develop close working relationships with their respective State Department of Veterans Affairs to explore collaborative outreach and referrals.

Pursuant to the Military Reservist and Veteran Small Business Reauthorization and Opportunity Act of 2010, SBDCs shall, as part of the SBA's Outreach and Technical Assistance Program, market and provide technical assistance for SBA's Military Reservist Economic Injury Disaster Loan program including website linkages to assistance programs offered by SBA, the Department of Veterans Affairs and the Department of Defense.

8.2.22 Women's Business Services

Each SBDC will make available all of its economic development and technical assistance services to women business owners and prospective women business owners. SBDCs will also provide referrals to the Women's Business Centers (WBCs) for women business owners when appropriate.

8.2.23 Yellow Ribbon Reintegration Program

Pursuant to [Public Law 110-181](#), passed January 28, 2008 – The Secretary of Defense initiated the Yellow Ribbon Reintegration Program which provides information, services, referral and proactive outreach programs to National Guard and Reserve members and their families with sufficient information, services, referral and proactive outreach opportunities through the 4 phases of the deployment cycle:

1. Pre-Deployment
2. Deployment
3. Demobilization
4. Post-Deployment-Reconstitution

The goal of the Yellow Ribbon Reintegration Program is to prepare soldiers and families for mobilization, sustain Families during mobilization, and reintegrate soldiers with their families, communities and employers upon redeployment or REFRAD.

Relevant portions of the “Act” are:

(h) Outreach Services- As part of the Yellow Ribbon Reintegration Program, the Office for Reintegration Programs may develop programs of outreach to members of the Armed Forces and their family members to educate such members and their family members about the assistance and services available to them under the Yellow Ribbon Reintegration Program. More information is available at http://www.benefits.va.gov/gibill/yellow_ribbon.asp

8.3 Advance Understandings

If any portion of this Program Announcement conflicts with Section 21 of the Small Business Act, Part 130 of the SBA’s regulations (13 C.F.R.), relevant 2 C.F.R. 200 or SBA’s policy notices, all of the above will control and take precedence.

Services and programs provided through the Cooperative Agreement should not wholly duplicate or replace any existing programs. Federal funds shall not be used to supplant or wholly duplicate existing programs.

8.3.1 Hours of Operation

The Lead Office and Service Centers services shall be accessible to the public during normal business hours throughout the year except as granted by prior approval. In addition, provision should be made to provide evening and weekend assistance, both on-line and in Service Centers, as appropriate to meet local community demands and needs. Anticipated closings shall be included in any annual renewal application. Emergency closures shall be reported to the SBA Project Officer as soon as possible.

8.3.2 Travel

The travel charged to the Cooperative Agreement must be in accordance with provisions of the grant and utilized in conformance with [13 C.F.R. Part 130.460\(g\)](#), and must be used under the same formula for travel reimbursement as provided by the host institution. Award funds are not available for the payment of per diem, lodging, meals or other subsistence expenses associated with local travel. However, award funds may be used to pay transportation expenses for local travel.

SBDCs are authorized to include a certain amount of funds in the proposal for “unanticipated” travel. Unanticipated travel is defined as “travel which is necessary to further SBDC objectives, but for which a complete description and/or justification could not be provided in the proposal.” Requests for out-of-state travel exceeding the amount approved in the proposal must be submitted no less than 20 days prior to the trip, for approval by the SBA Project Officer or District Director. SBDCs that proposed unanticipated out-of-country travel for official business, whether such travel will incur costs to the program or not (i.e. invitational

travel) must obtain prior approval by the SBA Project Officer or District Director AND the AA/OSBDC or designee. SBA approval is not required for SBDC personnel who travel overseas during vacation or personal time. International travel requests must be submitted to SBA no less than 30 days before scheduled departure for prior approval. SBDCs are further required to report on the out-of-state or international travel completed after the fact in the Semi-annual or Annual report. For additional guidance regarding authorization for travel, see Section 5.1.8.1 Prior Approval - Travel.

Travel funds are authorized for the SBDC State/Regional Program Director and/or his/her designee to attend two America's Small Business Development Center meetings per year. Travel funds may also be authorized for additional SBDC staff to attend meetings designed for professional development purposes. Further, one trip per year, as approved by the AA/OSBDC, is authorized to allow the SBDC State/Regional Program Director and/or his/her designee to meet with national SBA officials to discuss local program initiatives.

8.3.3 Small Business Week

SBDCs are encouraged to promote, support, plan, implement and participate in Small Business Week activities in cooperation and coordination with local and national SBA officials. SBDC State/Regional Program Directors and other SBDC personnel, with their strong links to prominent entrepreneurs and small business advocates in their communities, should nominate individuals for Small Business Week awards. SBDCs are encouraged to submit nominees for the SBDC Service Center of the Year Award.

8.3.4 Legal Services Restrictions

No costs associated (either directly or indirectly) with civil, criminal or administrative litigation are allowable under an award made pursuant to this Announcement. Project funds may be used to pay the cost of non-litigation legal counseling services either to the recipient of this award or project beneficiaries. However, all parties receiving such services must agree in writing or by email to waive any claims of privilege over such services with regard to SBA to the extent necessary for the Agency to perform its monitoring and oversight function.

SBDCs may offer training courses on business law issues, provided that legal topics are presented by individuals qualified by training and experience to address such topics. In furtherance of their educational mission, SBDCs may negotiate arrangements with law schools to offer clients access to supervised student legal clinics that are approved by the state attorney licensing entity. The SBDC must make appropriate disclosures and disclaimers to that effect.

8.3.5 Conflict of Interest Policy

Each SBDC network must have a written conflict of interest policy which is signed annually by all employees, consultants, instructors and volunteers of the SBDC network. The policy must include enforceable elements safeguarding the SBDC program from actual or apparent conflicts in accordance with 2 C.F.R. § 2701.112.

8.3.6 Disaster Operations Plan

Each Lead Office and its Service Centers must have in place disaster plans which are coordinated with the host institution to ensure delivery of services to small businesses in its area of operations. Such plans must be kept on file and available for review by SBA officials. Plans should be reviewed annually by the Center Directors and updated as needed. SBDCs individually, and in cooperation with SBA and other federal agencies as well as state and local entities are encouraged to provide disaster recovery assistance to support impacted small businesses in local economies.
